Quick Start Guide

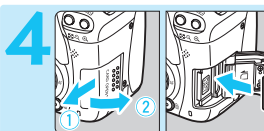

Insert the battery.

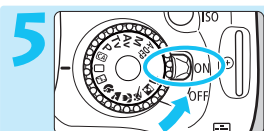

Attach the lens.
Align the lens' white or red index with the camera's index in the matching color.

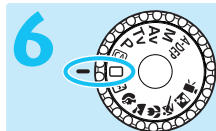

Set the lens focus mode switch to <AF>.

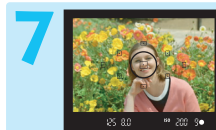

Open the cover and insert a SD card.

Set the power switch to <ON>.

Set the Mode Dial to <Q> (Full Auto).
All the necessary camera settings will be set automatically.

Focus the subject.
Aim the viewfinder center over the subject and press the shutter button halfway to autofocus.

Take the picture.
Press the shutter button completely to take the picture.

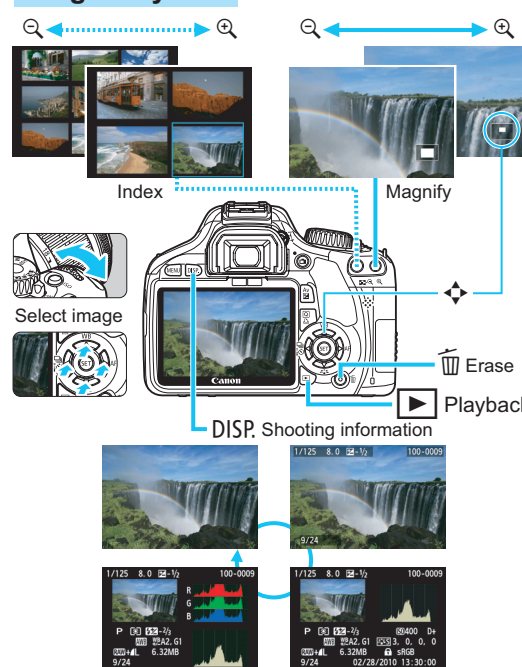

View the image.
The captured image will be displayed for approx. 2 sec. on the LCD monitor.

- The ★ on the right of the function indicates that the function is available only in Creative Zone modes (P, Tv, Av, M, A-DEP).
- Battery Life

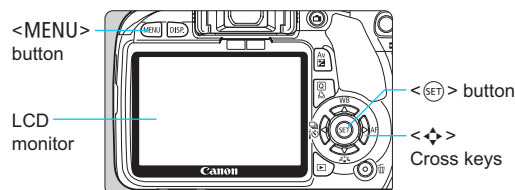

Temperature	No Flash	50% Flash Use
At 23°C / 73°F	Approx. 550 shots	Approx. 440 shots
